

BFD VAR Application

Rox Services Pty Ltd print, manufacture and distribute a range of products and services specifically targeted to the Reseller markets (also known as "Trade", "VAR" or "Wholesale" customers). These products are branded under the banner "BFD Print" and supported by discounted pricing, generic brochures and a generic web site www.bfdprint.com.

To ensure that reseller pricing is not available to the general public, Resellers must complete the application details below to establish their credentials as a legitimate VAR (Value Added Reseller). Once registered you will automatically be updated with our regular VAR specials and have access to our VAR pricing structure. Please note that this application is **NOT** a credit application and does not entitle the applicant to any form of credit trading terms. Our standard T&C of sale will apply to any sale transactions that occur.

Fax this to 03 9812 2726, for access the VAR resources and pricing on our website
